Preview 11:00 & Sale Time 1:00

Madison County Fairgrounds

We hope you enjoy your day with us and are pleased with the stock we have to offer. The sale will be held at the Madison County Fairgrounds in Rexburg, Idaho. The babies will be available to view about 11:00, at that time we will start the day off with a preview of the saddle horses as well. This preview is a great opportunity for potential buyers to see which horses really fit them best. Cattle will be available to show the rope and ranch horses on. We will take a few minutes following the preview to regroup and move to the indoor facilities where the sale will be held at 1:00 sharp.

In 1961 Keith Munns along with his father, purchased a Montana Ranch on Hebgon Lake. A year later he married his wife Ruth, and they started a family of their own. All of their life they have been involved in the livestock industry. Keith is an accomplished auctioneer. He sells the local livestock auctions, as well as handling various horse sales, estate sales, farm machinery auctions, etc. At one time they co-owned the Rexburg Livestock Auction along with Keith's brothers, and ran cattle of their own for a number of years. Although other avenues have supplemented their income from time to time, Keith's passion has always been his horses!!! Keith and Ruth have raised 2 children, and the family has been based around the horse world in one way or another from day one. They were involved in everything from chariot racing, ranching, team roping, calf roping, penning, and even ran a few horses on the flat track. It was pretty hard to be raised in the Munns Family and not catch the "horse fever".

Their son Jeff enjoyed chariot racing with his dad when he was young, and rode colts for a number of years. He also spent a few years riding cattle in a feedlot which really made some good horses. The past several years he has developed a new bad habit… team roping! Jeff has 3 children, Kolton, Kassie, and Katie. He and his son Kolton have really enjoyed some father/son time, spending many hours together roping. They both work on the ranch with Keith, helping with the farming and the horses. They spend many hours handling the young horses and getting them broke to lead. Come sale day we all appreciate the effort that he has put into making these babies gentle and good to handle. It sure makes things go smoother at the sale and gives the buyer's a head start. Both girls are off to college in Twin Falls, and we are proud of them for furthering their education. They are both working full time jobs as well as keeping up to school, what busy girls!!! They come home every chance they get and we always look forward to their help when they do.

Keith and Ruth's daughter Becky, followed in her dad's footsteps and loved the horses from day one. She married Dan Miller and they have 3 children; Breanna, Ty, and little Charly. They are fortunate to share many common interests, all centered around the horses. They run a few cows of their own, go to quite a few brandings each year, team rope a little, and do whatever day work they have time for. They both enjoy making a nice saddle horse, and the more cow work they can give one the better they like it. Breanna loves to ride and has spent her summer helping prepare the sale horses. She is starting into her first year of high school rodeo and keeps us running from jackpot to jackpot! At a very young age Ty has made it clear that he prefers to help Grandpa or any willing neighbor with their farming. Thanks to a little competition from his sisters he does feel the need to ride some as well. Our little Charly is now 4, and there is nothing "little" about her, she thinks she is just as big as Ty. She loves the horses just like Breanna. Her pony is the first one saddled most days and she is even graduating to mom's heel horse this summer. She doesn't quite grasp what it really means to "sell Shorty"! But he is coming to town this year anyway. She is a big girl now… Time to let "Shorty" teach another little cowboy how to ride!

Keith and Ruth have dedicated 50 years to consistently breeding versatile using horses, sound of foot and mind, with conformation, eye appeal, and color as a bonus. Keith has always felt that a high quality broodmare band is a critical part of any breeding program. He strives to maintain a fancy set of mares that will enhance the qualities he is trying to produce in a foal. Each year Keith keeps a few replacement fillies that he feels will better the program. His Driftwood bred mares have proven to really cross well with several of the Hancock bred stallions we are currently using. We are really excited about our current selection of stallions. We are working hard to produce colts that are nice individuals with lots of bone and foot, good withers, pretty conformation, and trainable dispositions. The stallions we are currently using are all showing strong traits in those areas. We are finding that certain horses are crossing better on different types of mares, and each year we are learning more and more which combinations we like best. Find more detailed information on each stallion through the next few pages, and even more stallion pictures on our website at threebarquarterhorses.com.

We feel strongly that a production sale must be well represented. We stand behind our horses and enjoy the friendships established while doing so. It is important to us that people can buy at our sale with confidence. We recognize that every horse will not fit every person, but we are committed to helping you find the right horse for you… the one that will fit your needs and lifestyle. We are bringing a set of horses to town that we feel have the capabilities necessary to create happy customers. This year there are nearly 20 head of riding horses in the sale. They range from well started 3 year olds to solid ranch geldings that will fit the whole family, and kid horses alike. There will be a good variety… something for everyone! Come visit with us and we will help you decide which horses fit you best!

We are pleased to have a few of Shiner's horses in the sale again this year. We see a lot of similarities in our breeding programs. Our stock carries a lot of the same bloodlines, Driftwood, Peppy San Badger, Colonel Freckles, King Fritz, and Hancock to name a few. They have a nice son of Paddy's Irish Whiskey that has been doing a great job for them. We are happy to be doing business with the Shiner family. They are honest, trustworthy people, and good horsemen. We are sure you will find the same in dealing with them.

We are looking forward to a fun day full of good horses, good people, and good old fashioned western atmosphere!! Come spend Labor Day Weekend with us!!

Phone bids are accepted. Please contact us and register ahead of time.
We will take your phone number and call you just prior to the horses you are interested in sells.
A refundable deposit is required.

High Roan Mist stands a strong 16.1 and will weigh 1400 lbs. Good withers, deep girthed, sturdy bone and foot. He is by a double bred *High Rolling Roany* stallion and out of a mare that goes back to *High Rolling Roany* as well. They are noted for being rugged, tough, old style type horses that make sturdy ranch horses. Lots of bone, foot, and size. The kind that stay sound and stay tough late into life. Many have went to the arena as well as making a reputation as phenomenal ranch horses. They are making rope horses, pickup horses, and just good all around using horses.

Rimrock is an extremely gentle stallion with a kind disposition. Kolton started him as a 2 year old and he has been problem free right from the start. He might spend 2 or 3 months standing around the corral and when we go to move cows Kolt just grabs him and he rides off like an old solid broke horse with no fuss, regardless of the time of year. Dan has branded on him and started heeling as well. He is very cowy, intelligent, and really willing with a big stop. If his temperament carries through into his babies he will be worth having around! We like his conformation as well. He is a nice headed horse with a good hip, dark solid feet, and he is well balanced. Out of a double bred *High Rolling Roany* daughter. We are looking forward to his future, and feel that he could have a big impact on our horse program.

Becky started *Blue Bird* as a two year old and loved him right from the beginning. He has an unbelievable disposition. Very kind and gentle. If you go out in his set of mares he is the first to look you up and want some attention. We have used him as a saddle horse during breeding season and he rides off like an old gelding that never had a day off. We have rode quite a few of his colts and they are gentle natured just like their daddy. His colts all have a lot of eye appeal and are up on legs good. They are favorites of the general public because of how user friendly they are.

Blue Bird is a big horse. A strong 16 hands, with a big heavy bone structure under him. He has that old foundation that we are trying to breed back into today's horses. They are the kind that stay sound and hold up under hard use.

Handmade Forever is a horse we raised. He reminds us so much of his daddy we can't believe it! True blue roan and a very pretty made stallion. He stands 15.3 and will weigh a strong 1300#. He is heavy boned with a good foot, deep girth, plenty of shape, and an extremely keen head for such a sturdy made horse. He is an exceptional traveler with some natural cow as well. We got our first set of colts from him this spring. Most of them are blue roans, and they look like they are going to be good ones! Most of the same mares went back with him this year as well. There is always a reason to look forward to next year!! Lots of the old time favorites in his pedigree!

Snake River Hancock is a half brother to our senior sire, *Grullo Driftwood.* They are both out of *Mellow Yellow Rose,* one of the great conformation mares of all time. She was an outstanding producer and a granddaughter of *Music Mount*. She has put her look on nearly all of her foals and certainly "prettied up" several of these old foundation bloodlines.

This horse has a very kind disposition. We rode him a little as a 2 and 3 year old and he was always gentle and kind. He is a good traveler, cowy, and is very willing and trainable. He has a lot of bone and foot under him and should hold up under heavy ranch use and stay sound. Big pretty hip, deep girth, and heavy chest.

Good cow horse pedigree and we like him as an individual as well. He is not a little tiny horse like most of today's cow horse bloodlines. Stands 15 hands and will weigh 1200 lbs. Plus he has lots of chrome to help dress one up a little. He is a trained cutter and dang sure a cow horse himself. We have rode a handful of colts by Pecos and they are certainly athletes and want to be good to get along with. Real talented, easy movers!! *We sold Pecos last summer so this will be the end of his colts.*

Breanna used "*Kate*" all through Junior High Rodeo and she did a fantastic job for her. She is a solid barrel horse and a great confidence builder. She has a fair bit of sting and likes to run, but is very controllable with no gait issues. She is very competitive in a small arena especially. Breanna's friend borrowed her for a few rodeos and she ran the same for her as she does Breanna. Very easy to ride. She is patterned on the poles as well and coming along very nice. Breanna also rode her moving cows, roping the hot heels, trail riding, playing in the water bareback, you name it they probably did it. She is good with traffic, dogs, kids on bikes, etc. Nice broke, sane mare!

Lot #31 "Shorty" *2000 Super Cool Ranch PONY*

Ty & Charly Miller

"Shorty" has been a member of the family for quite a few years. He has raised Ty and Charly both to the point that they are riding our big horses now. Not very many ponies get used like *Shorty*… He has branded calves, been lots of miles trailing cows, gathered in the rocks and brush, done a lot of trail riding, and actually had a job. He is polite and harmless. Charly gets on and off herself, brushes him, leads him around, and just kind of plays with him like a dog. And we never have to worry. When she gets hot and tired she just sits in his shade and has a rest, *Shorty* tends her like it is his duty! When we go trail riding or are moving cows, we don't even have to look back… Shorty and Charly will be just fine. He crosses water, down timber, rocks, and brush just like a big horse. Never hesitates, just picks his way up the trail and gives his rider a ton of confidence. If you have a little one that wants to go with mom and dad on the ranch you cannot go wrong with Shorty. It will be hard for us to sell him, but it is time he moves onto his next little cowboy! 208-221-1090
